

Phantom Aeromedical Evacuation Lighting Kits

p/n PK9000-2900 SERIES

A portable, non-handheld light source capable of individual AE patient illumination by AE crewmembers to ensure safe patient movement. The kit includes individual lighting that eliminates the potential disturbance of other patients. All lights stay cool to the touch so as not to further injure those in your care.

Dimensions 60 x 24 x 6 inches, Weight 60 lbs.

Cost per kit: \$6909.65, delivered CONUS, UPS Ground.

Smaller kits available!
